Vision Screening, children of all ages must have their vision checked as part of the THSteps medical check-up.

Hearing Screening, as part of the THSteps medical check-up, physician's staff are required to complete the hearing screening with a pure tone audiometer.

In 1975, State regulations were passed that required the registration of all audiometers, users of audiometers, and firms calibrating audiometers for use in TX. These same regulations also required that users be trained by or have training by the DSBS.

Tools: Please bring an audiometer to the training.
