

Availity 5010 Survey

As was announced earlier this month, the Department of Health and Human Services (HHS) released the Final Rule adopting updated versions of the standards under the Health Insurance Portability and Accountability Act (HIPAA). Effective March 17, 2009, this rule updates the mandated X12 transactions to version 005010 with a compliance date of January 1, 2012. The Final Rule also mandates updated versions of code sets to ICD-10-CM and ICD-10-PCS (as well as updates to various NCPDP standards) with a compliance date of October 1, 2013. Availity will focus first on implementing the X12 standards, followed by a migration to the new code sets at a later date.

Information on the Federal Mandate is available at:

In preparing for the implementation of the X12 standards at Availity, our team has begun an analysis to assist in identifying any gaps that need to be addressed. As part of this analysis, we have prepared a short survey for our receiver and payer trading partners. You are receiving this survey because you have been identified as a receiver or payer contact for Availity. Please take a few minutes to complete this short, eight-question survey, or forward it to the appropriate staff for completion. ***Please complete this survey by April 10th.***

As we solidify our plans and confirm the timing for deliverables, we will communicate them to all trading partners to ensure a smooth transition to the new mandated versions. We look forward to working with your staff to ensure your 5010 implementation is as seamless as possible.

We appreciate your time and continued cooperation! If you have any questions about this survey, please contact Availity Client Services at 1.800.AVAILITY (1.800.282.4548).
